

Made in USA

SSG

### Features and Benefits

- Resistant to over 280 different chemicals: alcohols, aliphatic, aromatics, chlorines, ketones, esters.
- Low cost, disposable gloves do not have to be recycled and can be readily available to workers.
- Does not contain chemical accelerators that can cause allergic reactions.
- Ambidextrous.
- Can be used as a secondary inner glove. Allows worker maximum protection in heavy duty jobs where the dangers of mechanical damage to gloves are high.

### Applications:

- Aerospace, chemical processing and transporting, domestic preparedness, HazMat work, petrochemical

SSCA

### Features and Benefits

- 5 layer PE and EVOH construction provides same chemical resistance as Silver Shield/4H gloves.
- Ideal for industrial laboratories or work environments where the possibility of chemical splash requires arm and body protection.
- Booties can be worn as a liner under regular boots or as a cover over shoes or boots. Warning: The booties offer minimal abrasion resistance and should not be worn as outer protection where risk of snags, punctures or abrasions is high.
- Sleeves can be worn with Silver Shield/4H gloves and/or apron. Provide additional protection for the upper arms and shoulders.
- Apron protects against splashes and spills. Easily adjustable with attached ties.
- Coat Apron available for people requiring additional splash protection.

### Applications:

- Aerospace, chemical processing and transporting, domestic preparedness, HazMat work, petrochemical
