

Chainmesh Gloves

2.02

STAHLNETZ® type: **STANDARD**

In addition to our chainmesh glove, PROTEC, of course, we still make our well-known and well-loved STANDARD glove range. The gloves are made of stainless steel chain mesh (ring diameter 4mm) and are fitted with welded nylon bands. Our gloves are of the highest quality and fulfill all essential requirements:

- *hygienic*
- *lightweight, comfortable*
- *tried-and-tested press-stud solution (enables both perfect fit and quick release in emergency)*
- *simple change from left to right-hand/right to left (no tools required !)*
- *easy to repair*
- *environmentally friendly*
- *also available as 3-Finger gloves*

All gloves are available without extension cuff (see illustration), with 8 cm, 15 cm or 20 cm cuff

All gloves are available in “left” (L), “right” (R) or “right-left”-version (LR). Please indicate when ordering!

Size (Colour code)	Type	Part No. (without cuff)	Part No. (with 8 cm cuff)	Part No. (with 15 cm cuff)	Part No. (with 20 cm cuff)
